

LIST OF TABLES

Table I. 1. Information Technology status in DPPK.....	2
Table I. 2. Use of IT based on process managed by 2 nd Revenue Function.....	3
Table II. 1. Comparison of framework selection criteria (Session, 2007)	11
Table IV. 1. Existing Application	49
Table IV. 2. Existing Data.....	50
Table IV. 3. Switch and Hub Specification.....	53
Table IV. 4. Location and Description DPPK Server	53
Table IV. 5. Specification DPPK Server.....	54
Table V. 1. Business and IT Solution Identification.....	56
Table V. 2. Principle Catalogue	60
Table V. 3. Stakeholder Map Matrix	65
Table V. 4. Business Architecture Requirements	70
Table V. 5. Organization/ Actor Catalogue	71
Table V. 6. Business Service/ Function Catalogue	74
Table V. 7. Business Interaction Matrix	76
Table V. 8. Actor/ Role Matrix	80
Table V. 9. Objective/ Requirement Catalogue	86
Table V. 10. Business Architecture Gap Analysis.....	108
Table V. 11. Requirement Information System Architecture	109
Table V. 12. Data Entity Catalogue	112
Table V. 13. Data Component Catalogue	113
Table V. 14. Application Data Matrix	114
Table V. 15. Business Function Matrix	115
Table V. 16. Application Portfolio Catalogue	118
Table V. 17. System/ Role Matrix	119
Table V. 18. System/ Function Matrix.....	120
Table V. 19. System/ Business Process Matrix	121
Table V. 20. Information System Gap Analysis	126
Table V. 21. Gap Analysis Information System Architecture	129

Table V. 22. Comparison Between Technology Requirement and Existing Technology in DPPK.	130
Table V. 23. Technology Standard Catalogue	133
Table V. 24. Technology Portfolio Catalogue	134
Table V. 25. System/ Technology Matrix.....	135
Table V. 26. Technology Architecture Gap Analysis.....	140
Table V. 27. Gap Analysis Consolidation Business, Information System, Technology in DPPK	141
Table V. 28. Candidate Roadmap	142
Table V. 29. Criteria and Rating Table.....	143
