LIST OF FIGURES

2.1 Block Diagram Report Generation 11

3.1 Designing Instrument and Scoring Method 19
3.2 Evaluation result for background 26
3.3 Evaluation result for Oral Language 27
3.4 Evaluation result for Written Language 27
3.5 Evaluation result for Social Language 28
3.6 Evaluation result for Math 28
3.7 Evaluation result for Sequence 29
3.8 Evaluation result for Organization 29
3.9 Evaluation result for Working Memory 30
3.10 Evaluation result for Short Term Memory 30
3.11 Evaluation result for Direction 31
3.12 Evaluation result for Fine Motor Coordination 31
3.13 Piloting result for Background 33
3.14 Piloting result for Oral Language 33
3.15 Piloting result for Written Language 33
3.16 Piloting result for Social Language 34
3.17 Piloting result for Math 34
3.18 Piloting result for Sequence 34
3.19 Piloting result for Direction 35
3.20 Piloting result for Working Memory 35
3.21 Piloting result for Organization 35
3.22 The design of dyslexia early identification system (DEIS) 43
3.23 Main Screening Data Processing 46
3.24 Scoring process 47
3.25 Deep Screening Data Processing 50
3.26 Scoring process 51
3.27 Main Screening Report Generation 54
3.28 Template Generation 55
3.29 Entities selection as variable process 56
3.30 Knowledge generation process 57
3.31 Entities selection process 62
3.32 Sentence order for main screening report 71
3.33 Content Determination and Document Structuring for Main Screening Report 72
3.34 Main Screening report part 1 77
3.35 Main Screening report part 2 78
3.36 Deep Screening Report Generation 78
3.37 Knowledge Generation for the deep screening report 79
3.38 Complex Sentence Splitting for deep screening report 84
3.39 Sentence order for deep screening report 101

3.40 Content Determination and Document Structuring for Deep Screening Report . . . 103
3.41 Document Planning scheme for Oral Language . . . 104
3.42 Document Planning scheme for Written Language . . . 104
3.43 Document Planning scheme for Social Language . . . 105
3.44 Document Planning scheme for Math . . . 105
3.45 Document Planning scheme for Sequence . . . 106
3.46 Document Planning scheme for Organization . . . 106
3.47 Document Planning scheme for Working Memory . . . 107
3.48 Document Planning scheme for Fine Motor Coordination . . . 107
3.49 Micro planning for deep screening report . . . 110
3.50 Deep Screening report 1 . . . 121
3.51 Deep Screening report 2 . . . 122

4.1 The input of scenario RG1 . . . 138
4.2 The output of scenario RG1 part 1 . . . 139
4.3 The output of scenario RG1 part 2 . . . 140
4.4 The input of scenario RG2 . . . 141
4.5 The output of scenario RG2 part 1 . . . 142
4.6 The output of scenario RG2 part 2 . . . 143
4.7 The input of scenario RG3 . . . 143
4.8 The output of scenario RG3 part 1 . . . 144
4.9 The output of scenario RG3 part 2 . . . 145
4.10 The input of scenario RG4 . . . 146
4.11 The output of scenario RG4 part 1 . . . 147
4.12 The output of scenario RG4 part 2 . . . 148
4.13 The input of scenario RG5 . . . 149
4.14 The output of scenario RG5 part 1 . . . 150
4.15 The output of scenario RG5 part 2 . . . 151
4.16 The result of the access performance . . . 170
4.17 ROC Curve for Main Screening . . . 173
4.18 ROC Curve for Deep Screening Result (Mild Risk) . . . 176
4.19 ROC Curve for Deep Screening Result (Moderate Risk) . . . 176
4.20 ROC Curve for Deep Screening Result (Severe Risk) . . . 177
4.21 ROC Curve for Deep Screening Result (Mild Risk) . . . 180
4.22 ROC Curve for Deep Screening Result (Moderate Risk) . . . 181
4.23 ROC Curve for Deep Screening Result (Severe Risk) . . . 181
4.24 The clarity of main screening reports from the perspective of the parents 184
4.25 Readability of main screening reports from the perspective of the parents 185
4.26 Clarity of main screening reports from the perspective of the experts . . . 186
4.27 Readability of main screening reports from the perspective of the experts 187
4.28 General Appropriateness of main screening reports from the perspective of the experts . . . 188
4.29 Clarity of deep screening reports from the perspective of the experts . . . 189
4.30 Readability of deep screening reports from from the perspective of the experts . . . 190

4.31 General Appropriateness of deep screening reports from the perspective of the experts 190
