

LIST OF TABLES

2.1	Transmission Bandwidth Configuration [1]	8
3.1	Simulation parameters	19
4.1	Average spectral efficiency on each algorithm (75-250 users)	26
4.2	Average spectral efficiency on each algorithm (10-100 users)	29
4.3	Average spectral efficiency on varied cell coverage	30
4.4	Average energy efficiency on each algorithm (75-250 users)	31
4.5	Average energy efficiency on each algorithm (10-100 users)	33
4.6	Average energy efficiency on varied cell coverage	33
4.7	Average fairness index on each algorithm (75-250 users)	34
4.8	Average fairness index on each algorithm (10-100 users)	37
4.9	Average fairness index on varied cell coverage	37
4.10	Simulation Results	45
4.11	Time complexity for each algorithm	47
