

ACKNOWLEDGEMENTS

Alhamdulillahirabbil'aalamin. All praise and gratitude is only for God who always gives me Its *rahmat* and *hidayah* to me so that I can accomplish this graduation paper.

When I saw the vacancy about this graduation paper, what came to my mind was that I could learn many things about internet service business, which before, has never been touched to explore. This interest had brought me into broader experience in discovering internet business, knowing people behavior at work, and persuading people to be willing to fill my questionnaires. I realize that I have received lots of valuable assistance from so many people that I cannot mention during the time of learning and knitting all the ideas into this graduation paper, to whom I feel so thankful, but several names should be engraved on this page.

To Pak Wiyono, Drs., M.T., my consultant, for his guidance during the process of writing this graduation paper and brainstorming about how a graduate from Industrial Engineering study should think. I really thank him for his advice and ideas.

To my family: Mom, Dad, and Anisa, whose prayers, cheers, and spirit refreshment that make me always keep on trying and moving. I do thank you for your love, energy, everything.

To my uncle and my aunt, Om Slamet and Bi Yayu, for every idea, knowledge, time, advice, books, and everything that makes me here, study in STT Telkom, and I could never have finished my graduation paper without you.

To Ms. Flo, whose thoughts and determination always inspire me, who always lends her hands whenever I ask. This graduation paper would not be in English if she did not lend me her graduation paper. Many words and phrases in this graduation paper are resulted from her idea and her knowledge and that makes English in this graduation paper much more perfect. I deeply thank you for many things I have learned from you.

I wish to thank Pak Avon Budiono, my academic advisor, for the discussions about my study. I also deeply appreciate Mas Bayu, Mba Nery, Mba Putri, Mba Cindy, Bu Rina, Bu Diyani, Pak Widya, and all marketing staffs of PT. ISP X for the vacancy, all support, discussion, and suggestion. It all contributes very much to this graduation paper.

I would like to express my heartfelt gratitude to Sefrina Widyanti who always gives me supports and keeps my spirit alive. I could never express my gratefulness for your care, trust, and pray. Yes, we did it honey. To Mba Intan Arana and Mba Ari Almira, my struggling fellows in this graduation paper, with whom I passed all the barriers that came in this graduation paper journey and obtained the data; to Nur Aida for her help and assistance in obtaining the data for us which is not even related to her study. It is nice to share many ideas, joys, and adventures with you all.

To Language Laboratory assistants year 2005, 2006, and 2007; my closest classmates: Oe, Faridh, Iqbal, Magna, Edo, Fahri, Pane, and Rhozi, also TI-27-01 class members; Motivasy Community: Amenk, Henry, and all members; all members of MQC; my boarding house fellows and my landlord, Pak Wahyu; my best friend Yuri and Irham; It is very amazing to share and learn many things with you.

Hopefully, this graduation paper will be valuable.

Bandung, February 2008
