

PREFACE

Allah SWT who has given His blessings, mercy, love and compassion so that the author can finish this final project entitled " FEASIBILITY STUDY OF THE NEW FACILITY OF ARJUNA COFFEE SME IN BANDUNG" as one of the requirements of completing the bachelor degree program in Faculty of Industrial Engineering, Telkom University. In making this final project the author is inseparable from prayer, support and motivation from various parties who have helped the author. To that end, the author would like to thank:

1. Allah SWT, Alhamdulillahirrabil ‘aalamin. For the blessing and love He always give to me. For the source of knowledge, patience, bless, security, syukur, calmness, and love. “Do not lose hope, nor be sad.” (Quran 3:139).
2. Ibu Dr. Ir. Endang Chumaidiyah, MT, as Advisor 1, for the guidance for finish this thesis. Thank you for patience, sharing, and motivation in the process of the thesis writing. Thank you for always help me through difficult times.
3. Ibu Adhya Rare Tiara, S.T, M.T, as Advisor 2, for being the light in darkness when the author felt confused in this thesis writing. Thank you for always help me in, literally, every time. The author hope you always have good things in life.
4. Miskawan, S.E and Dra. Asiyah, M.Ip, father and mother, parents that always support me no matter how bad my condition is. For being my biggest motivation to finish this thesis. For always love me unconditionally. For always support my financial. For always support and believe in me in every decision the author take. The author will always love you. Allahummaghfirii waaliwalidayya warhamhumaa kamaa rabbayaanii shagiiraa.
5. Aly Akbar Rhau and Fredy Novembianto, the author’s brothers, who always support the author and believe in the author can finish this thesis. Thank you for always accompany me in difficult times. Also the author’s big family in Surabaya that always pray and love the author.
