

ACKNOWLEDGEMENTS

My highest praise I give to Allah because only by His favor I can complete this research. I would like to say my gratitude to several people for helping me in this research. First, for my advisors Mr. Bambang Setia Nugroho and Mr. Fiky Y. Suratman that has give the best guidance during my research.

I also want to thank my family, my father Dadang Kadarisman, my mother Ida Syakuntala, my sister Rima Rismala and my brother Rai Adhisurya for they unbelievable supports towards me. And for my future partner Akbar Muhammadi for always give the love support. The last I want to thank to the best admin in the world Mba Vita.

I hope my research can give positive impacts to the society and can encourage researchs and researchers to develop a better system in the future.

“If it doesn’t challenge you, it won’t change you”
