

PREFACE

Alhamdulillah rabbil'alamin. Thanks to Allah SWT, who has been giving me His blessing and merciful to accomplish the thesis entitled "Performance Analysis of Channel-Aware Distributed Detection Application for OFDM Signal Spectrum Sensing in Cognitive Radio". This thesis is presented to meet one of the requirements to obtain Master Degree of Electro-Telecommunication in School of Electrical Engineering, Telkom University, Bandung, Indonesia.

I would like to express my sincere gratitude to everyone who has helped me in this thesis as follow:

1. Dr. Ir Bambang Hidayat, DEA, as thesis supervisor I, who has provided guidance and advice during the preparation of this thesis.
2. Dr.-Ing. Fiky Y. Suratman, as thesis supervisor II, for his continuous support, his patience and motivation, and his immense knowledge. His guidance helped me during the time of research and thesis writing. It has been a great pleasure to work under his supervision, technically and personally.
3. All Lecturer and Staff of Telkom Engineering School, in Telkom University, who have transferred much knowledge and help to me during study at the Telkom University.
4. The writer's beloved Parents: T.M Ali Akbar and Nuraliyah. Thank you so much for your prayer, support, affection, advices, guidance, and help in all my life.
5. The writer's beloved Wife Yendri Anda Famela. Thank you so much for your prayer, understanding, support, and affection to help in the preparation of this thesis..
6. Students Fellow of Electro-Telecommunication Engineering Graduate Program in School of Electrical Engineering, Telkom University, who has always given the spirit to the completion of this thesis.

The writer's realize that this writing is far from perfect, therefore, the writer's expects suggestions and constructive criticism in the hope to achieve better results in the future. Finally, may Allah SWT receives all their works and kindnesses. Aamiin YRA.
