

## **ABSTRACT**

Indonesia is the largest archipelago in the world. According to LIPI Indonesia consists of a island named 13,466. As an archipelago country Indonesia has a variety of places for outdoor activities or outdoor activities. Indonesia has a lot of diversity of culture, religion, natural attractions and the other being supporting tourism in Indonesia. With thousands – thousand islands of Indonesia presents the activity outside the spaces or kegiantan pool which is very diverse and extraordinary beauty to explore.

With the development of an increasingly modern era. Many activities that were once merely a hobby, now a life style among the community, such as activity outside of the room, hiking or outdoor activities. Own outdoor activities there are various in shape, for example, hiking (cross terrain), rock climbing (climbing), caving (susur goa), mountaineering (mountain climbing), diving (dives), and others. In the activity in the wild like this, safety equipment and supplies should be used to minimize unwanted things happen at the time of outdoor activities take place.
