

List of Figures

1.1	Example of angkot	1
1.2	Example of the maximum rate of angkot	2
1.3	uncertain of angkot rate and coverage of paths	2
2.1	Station hall - gedebage Route Based on Bandung City Transportation Department rule	7
2.2	Based on Bandung City Transportation Department rule	8
2.3	Graph Example	9
2.4	Map from google maps API	10
2.5	Marker with info window form	11
2.6	2 points connected by path	12
2.7	euclid result	14
3.1	Flowchart Modelling System	15
3.2	Entity Relationship Diagram	17
3.3	Total Points	18
3.4	Map of Angkot route used.	20
3.5	Result for distance Angkot Route Margahayu - Ledeng	21
3.6	Result for distance Angkot Route St.hall - gedebage	21
3.7	Result from system.	25
3.8	Coverage of the angkot 1	25
3.9	Coverage of the angkot 2	26
4.1	Result from system of the Angkot coverage from departure point Terminal Stasiun Hall.	29
4.2	Results from actual field test from departure point Terminal Station Hall.	30
4.3	Result from system of the Angkot coverage from departure point of Mitra Meubel.	31
4.4	Results from actual field test from departure point of Mitra Meubel.	32
4.5	Results from actual field test from departure point of Mitra Meubel.	32

4.6	Result from system of the Angkot coverage from departure point of Terminal Margahayu Raya.	33
4.7	Results from actual field test from departure point of Terminal Margahayu Raya.	34
4.8	Result from system of the Angkot coverage from departure point of Terminal Ledeng.	35
4.9	Results from actual field test from departure point of Terminal Ledeng.	35
4.10	Result from system of the Angkot coverage from departure point of PT.Tigaraksa.	36
4.11	Results from actual field test from departure point of PT.Tigaraksa.	37
4.12	Result from system of the Angkot coverage from departure point of Terminal Pasar Gedebage.	38
4.13	Results from actual field test from departure point of Terminal Pasar Gedebage.	38
4.14	Result from system of the Angkot coverage from departure point of Istana Sepatu BIP.	39
4.15	Results from actual field test from departure point of Istana Sepatu BIP.	40
4.16	Result from system of the Angkot coverage from departure point of Apotik Farmino.	41
4.17	Results from actual field test from departure point of Apotik Farmino.	41
4.18	Result from system of the Angkot coverage from departure point of Borma Kircon.	42
4.19	Results from actual field test from departure point of Borma Kircon.	43
4.20	Result from system of the Angkot coverage from departure point of Gedung Landmark.	44
4.21	Results from actual field test from departure point of Gedung Landmark.	45
4.22	Cost comparison chart	46
4.23	Distance Comparison Chart	47
