### **ABSTRACT**

*Skin problems caused by the stress of daily activities and routines can someone assortment such as acne, blackheads to skin discoloration and skin of the face. Container support for the treatment of skin problems are referred to as Skin Care. One skin care who have a comfortable interior and have a community that is comprised of enthusiasts among the top middle is Erha Clinic. Erha Clinic serving the needs of the community in the field of Dermatology, besides the care facilities on offer. One of them provide special facilities for visitors are among the more personal services memnginginkan with flexible time in the comfortable room called the Erha Priority. Based on the survey results in some of the Erha Clinic in bandung, not to apply the Priority Erha facility, in addition to that there are several problems related to the interior space of the Erha Clinic, as the narrowness of the circulation flow, there is no separating space treatment between men and women, and there is no separation between men and women in the toilet. In designing the Interior of the Erha Clinic Priority is carrying the theme "Modern Skin" taken from the vision of the Mission of the Erha itself. Modern Skin theme takes the concept of "skin tone" which means skin color, skin color people Indonesia mostly brown applied in the form of visual concepts that provide comfort both in terms of facilities or the circulation flow in space in accordance with the needs of visitors.*
