

## MOTTO AND DEDICATION SHEET

To the end of the world I'll go. To make every city, countries and continents feel my presence within them. To see each and every pieces of art that almighty has ever made, until there is no more gratitude that escapes in every prayer that I do.

I'll wander as far as the eye can see, to know where I belong and feel what it's like stumble upon challenges. For one day, I will be the owner of my dreams.

I'll sail as far as the horizon, leaving behind memories and people that I took for granted while holding on to nothing. I pray and hope for when I arrive to that one place, I'll be able to cherish the fresh air and heavenly scenery.

To be finally home. To know what it means to be home and know the way home means walking out to find it.

And in the end, I will say to the world "IS NOT EASY TO BE ME".

*I dedicated this final thesis to my whole Family, especially my Beloved Parents.*

*Also, for my Beloved Partner & Motivator 'Ahmad Wildan'.*
