

## DAFTAR ISI

|                                                            |     |
|------------------------------------------------------------|-----|
| LEMBAR PENGESAHAN .....                                    | i   |
| LEMBAR PERNYATAAN ORISINALITAS .....                       | i   |
| ABSTRAK .....                                              | ii  |
| ABSTRACT .....                                             | iv  |
| UCAPAN TERIMA KASIH/ KATA PENGANTAR .....                  | vi  |
| DAFTAR ISI.....                                            | vii |
| DAFTAR GAMBAR DAN ILUSTRASI.....                           | ix  |
| DAFTAR TABEL .....                                         | x   |
| DAFTAR ISTILAH .....                                       | xi  |
| DAFTAR LAMPIRAN.....                                       | xii |
| Bab I   Pendahuluan .....                                  | 1   |
| I.1   Latar Belakang .....                                 | 1   |
| I.2   Perumusan Masalah.....                               | 4   |
| I.3   Tujuan Penelitian.....                               | 5   |
| I.4   Manfaat Penelitian.....                              | 5   |
| I.5   Batasan Penelitian .....                             | 6   |
| I.6   Sistematika Penelitian .....                         | 6   |
| Bab II   Kajian Teori.....                                 | 7   |
| II.1   Telekomunikasi .....                                | 7   |
| II.1.1 <i>Telecom Fraud</i> .....                          | 7   |
| II.1.2 <i>SIMBox Fraud</i> .....                           | 7   |
| II.2 <i>Call Detail Record (CDR)</i> .....                 | 8   |
| II.3 <i>Big Data</i> .....                                 | 8   |
| II.4 <i>Data Mining</i> .....                              | 9   |
| II.5   Algoritma KNN .....                                 | 10  |
| II.5.1 <i>Euclidean Distance</i> .....                     | 11  |
| II.5.2 <i>FlowChart Algoritma K-Nearest Neighbor</i> ..... | 11  |
| II.6   Evaluasi Performansi.....                           | 12  |
| II.7   Pentaho Data Integration .....                      | 14  |
| II.8   Python.....                                         | 14  |

|         |                                      |    |
|---------|--------------------------------------|----|
| II.9    | MySQL.....                           | 15 |
| II.10   | Jupyter Notebook.....                | 16 |
| II.11   | Phpmyadmin .....                     | 16 |
| II.12   | Xampp.....                           | 16 |
| II.13   | Penelitian Terkait.....              | 17 |
| Bab III | Metode Tugas Akhir .....             | 23 |
| III.1   | Konseptual Model .....               | 23 |
| III.2   | Sistematika Penelitian .....         | 24 |
| III.2.1 | Tahap Identifikasi Masalah .....     | 24 |
| III.2.2 | Tahap Analisis.....                  | 25 |
| III.2.3 | Evaluasi .....                       | 26 |
| Bab IV  | Analisis dan Perancangan .....       | 26 |
| IV.1    | Pengambilan Data .....               | 26 |
| IV.2    | <i>Preprocessing</i> .....           | 29 |
| IV.2.1  | <i>Cleansing Data</i> .....          | 29 |
| IV.3    | Framework Deteksi <i>Fraud</i> ..... | 36 |
| IV.4    | <i>Labelling Data</i> .....          | 37 |
| IV.5    | Klasifikasi .....                    | 40 |
| IV.6    | Evaluasi Performansi .....           | 41 |
| Bab V   | Implementasi dan Pengujian .....     | 40 |
| V.1     | Dataset .....                        | 40 |
| V.2     | Implementasi Algoritma.....          | 41 |
| V.2.1   | Skenario Pengujian .....             | 41 |
| V.2.2   | Prediksi.....                        | 41 |
| V.2.3   | Hasil Pengujian .....                | 42 |
| V.2.4   | Analisis Pengujian.....              | 43 |
| V.3     | Hasil Penelitian.....                | 43 |
| Bab VI  | KESIMPULAN DAN SARAN .....           | 43 |
| VI.1    | Kesimpulan .....                     | 43 |
| VI.2    | Saran .....                          | 44 |
|         | DAFTAR PUSTAKA .....                 | 45 |
|         | LAMPIRAN.....                        | 48 |
