

## DAFTAR SINGKATAN DAN LAMBANG

|       |   |                                                |
|-------|---|------------------------------------------------|
| EA    | = | <i>Energy absorbtion</i>                       |
| SEA   | = | <i>Specific Energy absorbtion</i>              |
| m     | = | Massa                                          |
| Nm    | = | Newtonmeter                                    |
| j     | = | Joule                                          |
| kJ    | = | kilojoule                                      |
| mm    | = | milimeter                                      |
| DOE   | = | <i>Design of Experiment</i>                    |
| MPa   | = | Megapascal                                     |
| Nm    | = | Nanometer                                      |
| NCAP  | = | <i>New Car Assessment Program</i>              |
| FEA   | = | Finite Element Analysys                        |
| NHTSA | = | National Highway Traffic Safety Administration |
| Fi    | = | Force (N)                                      |
| Yi    | = | Displacement (mm)                              |
