History becomes an important identity of a nation and appreciates the services of its heroes. Unfortunately, the current generation's interest in history has diminished. This is also exacerbated by monotonous history learning. Bogor is one of the important cities in Indonesia, but the media that discuss its history is still minimal. In fact, in the past there was a hero of the nationalistic and religious spirit of Bogor who was a warrior during the revolutionary period, and served in the fields of education, social, and religion, namely Sholeh Iskandar. However, unfortunately there are still many Bogor people who only know it as the name of the road without knowing the story. Though the properties of Sholeh Iskandar can be applied as inspiration for teenagers today to prioritize education and deliberation life, and to prioritize the common interests. Therefore, interesting information media is needed in the form of illustrated books that discuss the story of the struggle of the hero Sholeh Iskandar for adolescents.
