Life is an art without eraser. So, finish the artwork with a satisfying and beautiful result.

I DEDICATE THIS FINAL THESIS TO:

To the person I love the most in this world. Of course, Papah and Bunda, and my beloved sister Marsya Mutiara Andira who have given me endless prayers, encouragement, motivation, and entrusted me to complete my studies until my final project. And also for my friends who always helped and accompanies me in completing this final project. And to my supervisor who gave me endless guidance and direction.
