

## DAFTAR GAMBAR

|                                                                            |    |
|----------------------------------------------------------------------------|----|
| Gambar I 1 Kesalahan umum pada data (Kramer, 2015).....                    | 1  |
| Gambar I 2 Alasan pentingnya memelihara kualitas data (Kramer, 2015).....  | 2  |
| <br>                                                                       |    |
| Gambar II 1 Gambaran Data Cleansing .....                                  | 8  |
| Gambar II 2 Proses Data Cleansing (Azeroual, Saake, & Abuosba, 2018) ..... | 9  |
| Gambar II 3 Arsitektur Sistem Eksisting (Sulistyo, 2020) .....             | 19 |
| <br>                                                                       |    |
| Gambar III 1 Kerangka Pemecahan Masalah.....                               | 22 |
| Gambar III 2 Sistematika Penelitian .....                                  | 24 |
| <br>                                                                       |    |
| Gambar IV 1 <i>Flowchart</i> Proses Profiling .....                        | 30 |
| Gambar IV 2 <i>Flowchart</i> Menampilkan Hasil Profiling .....             | 30 |
| Gambar IV 3 <i>Flowchart</i> Cleansing Choose Pattern.....                 | 31 |
| Gambar IV 4 <i>Flowchart</i> Cleansing Punctuation Pattern.....            | 31 |
| Gambar IV 5 <i>Flowchart</i> Cleansing Delete Space Pattern.....           | 32 |
| Gambar IV 6 <i>Flowchart</i> Cleansing Change Pattern .....                | 32 |
| Gambar IV 7 ERD Modul Profiling & Cleansing Pattern .....                  | 33 |
| Gambar IV 8 Algoritma Choose Pattern Eksisting.....                        | 35 |
| Gambar IV 9 Algoritma Choose Pattern Usulan.....                           | 35 |
| Gambar IV 10 Algoritma Punctuation Pattern Eksisting.....                  | 36 |
| Gambar IV 11 Algoritma Punctuation Pattern Usulan .....                    | 36 |
| Gambar IV 12 Algoritma Delete Space Pattern Eksisting .....                | 37 |
| Gambar IV 13 Algoritma Delete Space Pattern Usulan.....                    | 37 |
| Gambar IV 14 Algoritma Change Pattern Eksisting.....                       | 38 |
| Gambar IV 15 Algoritma Change Pattern Usulan .....                         | 38 |
| Gambar IV 16 Algoritma Punctuation Eksisting .....                         | 39 |
| Gambar IV 17 Algoritma Punctuation Usulan.....                             | 40 |
| Gambar IV 18 Algoritma Tittlecase Eksisting.....                           | 40 |
| Gambar IV 19 Algoritma Tittlecase Usulan .....                             | 40 |
| Gambar IV 20 Algoritma Trim Eksisting .....                                | 41 |
| Gambar IV 21 Algoritma Trim Usulan.....                                    | 41 |

|                                                                                    |    |
|------------------------------------------------------------------------------------|----|
| Gambar IV 22 Algoritma Uppercase Eksisting .....                                   | 41 |
| Gambar IV 23 Algoritma Uppercase Usulan .....                                      | 41 |
| Gambar IV 24 <i>Flowchart</i> Integrasi Profiling & Cleansing Pattern Usulan ..... | 43 |
| Gambar IV 25 <i>Flowchart</i> Modul Independent Cleansing Usulan .....             | 44 |
| Gambar IV 26 ERD Usulan Untuk Cleansing Independent & Pattern .....                | 45 |
| Gambar IV 27 Wireframe Halaman Pilih Tabel & Kolom .....                           | 46 |
| Gambar IV 28 Wireframe Halaman Utama Cleansing Format.....                         | 47 |
| Gambar IV 29 Wireframe Halaman Result Profiling .....                              | 48 |
| Gambar IV 30 Wireframe Halaman Choose Cleansing Pattern Module .....               | 49 |
| Gambar IV 31 Wireframe Halaman Hasil Cleansing Pattern .....                       | 50 |
| Gambar IV 32 Wireframe Halaman Hasil Independent Cleansing.....                    | 51 |
|                                                                                    |    |
| Gambar V 1 Penyesuaian Koneksi Database .....                                      | 54 |
| Gambar V 2 Parameter Tambahan Pada Setiap Modul .....                              | 55 |
| Gambar V 3 Penyesuaian Algoritma Choose Pattern .....                              | 56 |
| Gambar V 4 Langkah Filter rows Chooosse Pattern Eksisting.....                     | 56 |
| Gambar V 5 Penyesuaian langkah Filter rows Choose Pattern.....                     | 56 |
| Gambar V 6 Penyesuaian Algoritma Punctuation Pattern .....                         | 57 |
| Gambar V 7 Langkah Filter Rows Eksisting .....                                     | 57 |
| Gambar V 8 Penyesuaian Langkah Filter Rows .....                                   | 57 |
| Gambar V 9 Penambahan Langkah Add constants Punctuation Pattern .....              | 58 |
| Gambar V 10 Penambahan Langkah Insert/Update pada Punctuation Pattern...           | 58 |
| Gambar V 11 Penyesuaian Algoritma Delete Space Pattern .....                       | 59 |
| Gambar V 12 Penambahan Langkah Add Constants Delete Space Pattern.....             | 59 |
| Gambar V 13 Penyesuaian Algoritma Change Pattern .....                             | 60 |
| Gambar V 14 Penambahan Langkah Add Constants Change Pattern .....                  | 60 |
| Gambar V 15 Penyesuaian Algoritma Punctuation .....                                | 61 |
| Gambar V 16 Penambahan Langkah Table Inputs 2 pada Independent Cleansing .....     | 61 |
| Gambar V 17 Penambahan Langkah Add Constants pada Independent Cleansing .....      | 61 |
| Gambar V 18 Penambahan Langkah Join Rows pada Independent Cleansing ..             | 62 |

|                                                                       |    |
|-----------------------------------------------------------------------|----|
| Gambar V 19 Penambahan Langkah Update pada Independent Cleansing..... | 62 |
| Gambar V 20 Penyesuaian Algoritma Tittlecase .....                    | 63 |
| Gambar V 21 Penambahan Langkah Add Constants Tittlecase .....         | 63 |
| Gambar V 22 Penyesuaian Algoritma Trim.....                           | 64 |
| Gambar V 23 Penambahan Langkah Add Constants Trim.....                | 64 |
| Gambar V 24 Penyesuaian Algoritma Uppercase.....                      | 64 |
| Gambar V 25 Penambahan Langkah Add Constants Uppercase .....          | 65 |
| Gambar V 26 <i>Table</i> cleansing_pattern_module_result.....         | 66 |
| Gambar V 27 Halaman Awal Cleansing Format .....                       | 67 |
| Gambar V 28 Halaman Choose Profiling or Independent Cleansing .....   | 67 |
| Gambar V 29 Halaman Result Profiling Pattern.....                     | 68 |
| Gambar V 30 Halaman Choose Cleansing.....                             | 68 |
| Gambar V 31 Input Tambahan Pada Change Pattern .....                  | 69 |
| Gambar V 32 Halaman Result Cleansing Pattern .....                    | 69 |
| Gambar V 33 Halaman Result Cleansing Pattern Filter Modul.....        | 70 |
| Gambar V 34 Modul Start Independent Cleansing .....                   | 71 |
| Gambar V 35 <i>Table</i> cleansing_independent_result .....           | 73 |
| Gambar V 36 <i>Table</i> cleansing_independent_end_result.....        | 74 |
| Gambar V 37 <i>Table</i> cleansing_independent_datasource .....       | 75 |
| Gambar V 38 Halaman Choose Profiling or Independent Cleansing 2 ..... | 75 |
| Gambar V 39 Halaman Result Independent Cleansing.....                 | 76 |
| Gambar V 40 Halaman Result Independent Cleansing Filter Modul .....   | 77 |
| Gambar V 41 Versi PHP pada Server .....                               | 78 |
| Gambar V 42 Versi Composer pada Server .....                          | 78 |
| Gambar V 43 Status Nginx pada Server .....                            | 78 |
| Gambar V 44 Versi Java pada Server .....                              | 79 |
| Gambar V 45 Folder Pentaho pada Server.....                           | 79 |
| Gambar V 46 Versi Git pada Server .....                               | 79 |
| Gambar V 47 Status Carte Server pada Server .....                     | 79 |
