

FOREWORD

Gratitude for the presence of God almighty because for His blessings, the author can be given the opportunity, enthusiasm, and motivation so that the author can complete the final mini thesis entitled "**Analyzing Herding Behavior on Company Shares in Building Constructions Sub-Sector During Period 2010-2019.**" well and also smoothly. The purpose of carrying out research and writing of this mini thesis is to fulfill one of the requirements for graduation from the undergraduate level of the Telecommunications and Informatics Business Management study program at the Faculty of Economics and Business, Telkom University. The process of writing this mini thesis from start to finish is inseparable from various assistance from many parties who have helped the author. The author would like to thank:

1. Dr. Ir. Nora Amelda Rizal, M.SAE., M.M. as a supervisor who has provided guidance, suggestions, criticism, motivation, and provided her time and thoughts during the process of completing the thesis.
2. Dr. Irni Yunita, S.T., M.M. as examiner of an academic proposal and mini thesis who has taken the time and energy to provide suggestions and criticism of the author and the written work of the author.
3. Andrieta Shintia Dewi, S.Pd.,M.M as examiner of two academic proposals and mini thesis who have also taken the time and energy to provide suggestions and criticism to the author and the author's written work.
4. Risris Rismayani S.MB., S.Pd., MM as guardian lecturer at Telkom University for her support, suggestions, guidance, and motivation and input for the author.
5. All lecturers and staff of the telecommunications and informatics business management department as well as the faculty of economics and business, Telkom University for their assistance during the lecture process.
6. Both parents, brothers and sister who always provide prayers and support during the process of completing the mini thesis.

7. All parties that the author cannot write down one by one who have helped the author in the process of preparing this mini thesis.

The author realizes that there are still many shortcomings and limitations in writing this mini-thesis, therefore criticism and constructive suggestions are needed and will be accepted by the author. The author also hopes this research can provide knowledge to all parties, both now and in the future.
