|-----------------------------------------------------------------------------|-----|
| VALIDITY SHEET .....                                                        | ii  |
| ORIGINALITY STATEMENT SHEET .....                                           | iii |
| ABSTRAK.....                                                                | iv  |
| ABSTRACT .....                                                              | v   |
| FOREWORD.....                                                               | v   |
| LIST OF FIGURES .....                                                       | vii |
| TABLE OF CONTENTS .....                                                     | ix  |
| LIST OF TABLES.....                                                         | 1   |
| CHAPTER I PRELIMINARY .....                                                 | 2   |
| <b>I.1 Background</b> .....                                                 | 2   |
| <b>I.2 Problem statement</b> .....                                          | 5   |
| <b>I.3 Research objective</b> .....                                         | 5   |
| <b>I.4 Research Limit</b> .....                                             | 6   |
| <b>I.5 Research benefits</b> .....                                          | 7   |
| I.5.1 Photographer .....                                                    | 7   |
| <b>I.6 Reporting Systematics</b> .....                                      | 8   |
| I.5.2 Further Research .....                                                | 7   |
| CHAPTER II LITERATURE REVIEW .....                                          | 10  |
| <b>II.1 Theories Relevant to the Research Title</b> .....                   | 10  |
| <b>II.1.1 Back end</b> .....                                                | 10  |
| <b>II.1.2 PHP</b> .....                                                     | 10  |
| <b>II.1.3 Iterative and Incremental Model</b> .....                         | 12  |
| <b>II.2 Tools</b> .....                                                     | 12  |
| II.2.1 Laravel .....                                                        | 12  |
| II.2.2 Visual Studio Code .....                                             | 13  |
| II.2.3 Wampserver.....                                                      | 13  |
| <b>II.3 Previous Research</b> .....                                         | 14  |
| CHAPTER III RESEARCH METHODOLOGY .....                                      | 19  |
| <b>III.1 Stages of Problem Solving</b> .....                                | 19  |
| III.1.1 Identification .....                                                | 20  |
| III.1.2 Business Identification .....                                       | 20  |
| III.1.3 Development .....                                                   | 20  |
| <b>III.2 Data Collection</b> .....                                          | 23  |
| <b>III.3 Data Analysis or Development Process of Product/Artifact</b> ..... | 23  |
| III.3.1 Conceptual Model .....                                              | 23  |
| <b>III.4 Evaluation Method</b> .....                                        | 25  |
| <b>III.5 Justification of Methods</b> .....                                 | 26  |
| CHAPTER IV ANALYSIS AND DESIGN .....                                        | 28  |

|                                                       |     |
|-------------------------------------------------------|-----|
| <b>IV.1 Business Model Analysis</b> .....             | 28  |
| <b>IV.2 Analysis of Engineering Plan</b> .....        | 35  |
| IV.2.1 Functional Requirements Analysis .....         | 35  |
| IV.2.2 Actor.....                                     | 37  |
| IV.2.3 Roles.....                                     | 38  |
| <b>IV.3 Business Process Design</b> .....             | 39  |
| <b>IV.3 System Analysis</b> .....                     | 42  |
| IV.3.1 Use case Diagram.....                          | 42  |
| IV.3.2 Use Case Scenario.....                         | 43  |
| IV.3.3 Activity Diagram.....                          | 52  |
| <b>IV.4 Design System</b> .....                       | 55  |
| IV.4.1 Class Diagram .....                            | 55  |
| IV.4.2 Sequence Diagram .....                         | 56  |
| IV.4.3 Relational Database Table .....                | 59  |
| IV.4.4 Deployment Diagram.....                        | 60  |
| <b>IV.5 Design</b> .....                              | 61  |
| IV.5.1 Interface Design .....                         | 61  |
| <b>IV.6 Iterative and Incremental Stages</b> .....    | 71  |
| <b>CHAPTER V IMPLEMENTATION AND TESTING</b> .....     | 74  |
| <b>V.1 Implementation</b> .....                       | 75  |
| V.1.1 Application Implementation.....                 | 75  |
| V.1.2 Business Implementation .....                   | 89  |
| V.1.3 Data Implementation .....                       | 91  |
| <b>V.2 Testing</b> .....                              | 92  |
| V.2.1 Black Box Testing.....                          | 92  |
| V.2.2 User Acceptance Testing.....                    | 94  |
| <b>CHAPTER VI CONCLUSION AND SUGGESTION</b> .....     | 98  |
| <b>VI.1 Conclusion</b> .....                          | 98  |
| <b>VI.2 Suggestion</b> .....                          | 99  |
| <b>REFERENCES</b> .....                               | 100 |
| <b>APPENDICES</b> .....                               | 101 |
| <b>Appendix A Iterative Incremental Process</b> ..... | 101 |
| <b>Appendix B Result Application</b> .....            | 105 |
| <b>Appendix C Testing</b> .....                       | 115 |
| C1 User Acceptance Testing (UAT) .....                | 115 |
| C2 Testing for Customers and Partners.....            | 118 |
| <b>Appendix D Implementation Development</b> .....    | 119 |
| D1 Application Data Implementation .....              | 119 |
