

## DAFTAR GAMBAR

|  |    |
|--|----|
| Gambar 2. 1 <i>Light to Voltage</i> Sensor .....           | 6  |
| Gambar 2. 2 Panjang Gelombang Tampak .....                 | 8  |
| Gambar 2. 3 Arduino Nano .....                             | 9  |
| Gambar 2. 4 MQ2 Sensor.....                                | 10 |
| Gambar 2. 5 DS18B20 Sensor .....                           | 10 |
| Gambar 2. 6 <i>Flame</i> Sensor .....                      | 11 |
| Gambar 2. 7 Lampu DC .....                                 | 11 |
| Gambar 2. 8 TSL 250R .....                                 | 12 |
| Gambar 2. 9 <i>USB OTG</i> .....                           | 12 |
| Gambar 2. 10 Relay 4 Channel .....                         | 13 |
| Gambar 3. 1 Rancangan Blok Sistem.....                     | 15 |
| Gambar 3. 2 Rancangan Blok Sistem <i>Transmitter</i> ..... | 17 |
| Gambar 3. 3 <i>Flowchart Transmitter</i> .....             | 18 |
| Gambar 3. 4 Rancangan Blok <i>Receiver</i> .....           | 19 |
| Gambar 3. 5 <i>Flowchart Receiver</i> .....                | 19 |
| Gambar 3. 6 Diagram Alur Sistem.....                       | 20 |
| Gambar 3. 7 Tampilan Aplikasi .....                        | 22 |
| Gambar 3. 8 Ilustrasi Peletakan Alat Pada Dapur .....      | 22 |
| Gambar 4. 1 Pengujian Jarak Terima .....                   | 24 |
| Gambar 4. 2 Pengujian Keadaan Kompor Mati .....            | 25 |
| Gambar 4. 3 Pengujian Keadaan Kompor Menyala.....          | 26 |
| Gambar 4. 4 Pengujian Sensor Suhu Kompor Menyala .....     | 27 |
| Gambar 4. 5 Pengujian Sensor Gas .....                     | 28 |
| Gambar 4. 6 Pengujian <i>Flame</i> Sensor Jarak 5cm.....   | 28 |
