

ACKNOWLEDGEMENT

Praise be to Allah who has given me good health and the opportunity to go to college so that I can do this final project. This final project can be completed thanks to the guidance, support, suggestions and input from various parties. Therefore, the author would like to say words of thanks for:

1. Both Parents **Antarwati Retno Marteki**, and **Wahyu Setiobroto** who always give support and love so that the author can complete Final Project on time.
2. Authors siblings, **Danis Andana Warih** and **Cintya Urbaningrum** as big brothers and big sisters of authors, who always been educating, assisting and providing financial support to complete this final project.
3. **Dr. Eng. Willy Anugrah Cahyadi, S.T., M.T.** as author's first supervisor who has taken the time to guide also providing feedback and input during the course of this final project for the author so that the Final Project is completed.
4. **Angga Rusdinar, S.T., M.T., Ph.D.** as author's second supervisor who has taken the time to guide and provide input for the author so that the Final Project is completed.
5. **Muhammad Zakiyullah Romdlony, S.T., M.T., Ph.D.** as a guardian lecturer who has fostered, provided advice and suggestions during the course of studying in Telkom University.
6. Everyone in "**Kontrakan PETIR**" who lived under the same roof as a housemate and made a living in a foreign province fun and comfortable, also helping the authors during the course of doing this final task by giving feedback input and suggestion and also to gather data for the completion of this final task
7. Everyone in the class of **EL-42-INT** who has been my best of friend since the first semester until the completion of this Final Task
