

LIST OF FIGURES

Figure 2. 1 Less space in switchyard	7
Figure 2. 2 Diagram of the protection system working area	1 0
Figure 2. 3 Wiring 3 + 1 GFR	1 1
Figure 2. 4 Differential and REF relay current circulation wiring	1 4
Figure 2. 5 REF working principle	1 4
Figure 2. 6 Transformer and Feeder Protection Work Area.....	1 6
Figure 3. 1 Research Flow	2 0
Figure 3. 2 Connection of stability Differential	2 1
Figure 3. 3 Connection of syability REF	2 2
Figure 3. 4 System architecture DSS Baturaja.....	2 3
Figure 4. 1 Fault Record	2 7
Figure 4. 2 GPS display and REF events on HMI	2 8
Figure 4. 3 Comtrade test results.....	2 9
Figure 4. 4 NGR Condition	3 0
Figure 4. 5 NCT Condition	3 0
Figure 4. 6 CT Incoming Condition	3 1
Figure 4. 7 Power Cable Condition	3 1
Figure 4. 8 Differential Stability Result	3 3
Figure 4. 9 REF HV Stability Result	3 3
Figure 4. 10 REF LV Stability Result	3 4
Figure 4. 11 Sam600 CT2 Ethernet traffic and injection test results.....	3 5
Figure 4. 12 SBEF Start Record.....	3 6
Figure 4. 13 Conditions before CT-REF LV removal on SAM600-CT2.....	3 7
Figure 4. 14 Conditions after transferring CT-REF LV to SMU615 on a 20kV SAS panel.....	3 8
Figure 4. 15 CT REF LV Wiring Image.....	3 8
Figure 4. 16 Before adding logic under voltage.....	3 9
Figure 4. 17 After adding logic under voltage	3 9
Figure 4. 18 Normal condition test with Under Voltage Detection	4 0
Figure 4. 19 Comtrade testing on 03 March fault with normal voltage 11.5Kv (W2 REF Start)	4 1

Figure 4. 20 Comtrade Testing Disturbance March 03 simultaneously injection voltage UL1 , 77% x Ubase (REF LV Trip)	4 2
Figure 4. 21 Comtrade Testing Disturbance March 3 simultaneously injection voltage UL2 , 77% x Ubase (REF LV Trip)	4 2
Figure 4. 22 Comtrade Testing Disturbance March 03 simultaneously injection voltage UL3 , 77% x Ubase (REF LV Trip)	4 3
Figure 4. 23 Comtrade Testing Fault 03 March simultaneously injection voltage UL1 , UL2 , UL 3, 77% x Ubase (REF LV Trip)	4 3
Figure 4. 24 Changes to under voltage settings based on PLN settings	4 4
Figure 4. 25 Old process level architecture DSS Baturaja	4 5
Figure 4. 26 New process level architecture DSS Baturaja.....	4 5
