

ACKNOWLEDGMENTS

I express sincere gratitude to my supervisors, Dr. Gelar Budiman, S.T., M.T., Umar Ali Ahmad, Ph.D., and Dr. Eng. Wendi Harjupa, for their guidance and insight throughout the research. Greeting full to all the lecturers and staff of the electrical engineering master's degree at Telkom University for all their knowledge and assistance. Especially for parents, older siblings, family, and friends who provide support during this thesis research.
