
LIST OF FIGURES

2.1	Knowledge Source for Medical Knowledge Graph	11
2.2	Categorical overview of EHR/PMR Medical Knowledge Graph	11
3.1	Flowchart of the Research Design	19
3.2	Example of a Structured Data of EHR	20
3.3	Prescription Notes	21
3.4	Health Notes	21
3.5	Flowchart on Transforming Unstructured Data	21
3.6	Visual diagram of the schema	41
3.7	An Illustration of Mapping the Same entities Between the Two Knowledge Graphs	50
3.8	Snipped image of the constructed and fused knowledge graph	58
3.9	Visual image of Metformin (30 tablet) Prescription	59
3.10	Visual Image of Prescription that can cure Diabetes Melitus	59
3.11	Visual Image of patient that already given prescription Metformin (30 Tablet)	60
3.12	Visual Image of specific EHR	60
3.13	Visual image of query for manual testing	64
3.14	Table of query for manual testing	64
3.15	Entity accuracy test details	66
3.16	Relationship accuracy test details	67
3.17	Clinical accuracy test details	67
4.1	Count table of Predicate Taken from Notes Unstructured Data	71
4.2	Venn Diagram between Antidiabetic Drug Interaction with First Drug . . .	71
4.3	Venn Diagram between Antidiabetic Drug Interaction with Second Drug . .	71
4.4	Venn Diagram between Antidiabetic Drug Interaction with Third Drug . .	72
A.1	Test Evaluation Paper for Medical Expert pg. 1	111
A.2	Test Evaluation Paper for Medical Expert pg. 2	112
A.3	Test Evaluation Paper for Medical Expert pg. 3	113
