

ACKNOWLEDGMENTS

Alhamdulillah, all praise and gratitude to Allah SWT for all His mercy and grace, so that the author can complete the writing of this thesis well. The author would like to thank everyone who helped prepare and finish this thesis, including:

1. Mrs. Dr. Vera Suryani, S.T., M.T., and Mr. Dr. Fazmah Arif Yulianto, S.T., M.T., are the first and second supervisors who have patiently provided guidance, knowledge, and direction in the process of research and writing this thesis.
2. My beloved parents, who always provide endless prayers, encouragement, attention, and affection until now.
3. My sister, Nur Aflah Syazanah Iwan, who always gave me encouragement and support during the research process.
4. Mr. IR. R. Trie Hasgoro Nofianto, as the team at Research AI, has provided many ideas, solutions, and assistance in the form of laptop devices and other support in completing this research.
5. All parties who cannot be mentioned one by one both friends, lecturers, and colleagues have provided support, motivation, and contributions in various forms until this thesis can be completed properly.

May all the kindness that has been given be rewarded abundantly. Thank you.
