

PREFACE

All praise and gratitude to Allah swt. for His grace and guidance, which enabled the researcher to finish the research proposal for the mini-thesis, “Implementation of Lean Six Sigma Methodology in Enhancing Customer Experience: A Case Study at PT. Telekomunikasi Indonesia International,” as one of the requirements for finishing the undergraduate study program of International ICT Business at Telkom University.

The researcher is fully aware that the preparation and completion of the mini-thesis would not be successful without the guidance, support, and contribution of many parties, and the researcher aspires to express sincere appreciation and gratitude to the following persons below.

1. Prof. Dr. Suyanto as the Rector of Telkom University
2. Prof. Dr. Ratri Wahyuningtyas, S.T., M.M., as the Dean of Faculty of Economics and Business, Telkom University
3. Ratih Hendayani, ST., MM., Ph.D, as the Head of the Study Program of S1 Manajemen Bisnis Telekomunikasi dan Informatika (MBTI), Faculty of Economics and Business, Telkom University
4. Abdurrahman Faris Indriya Himawan, SE., M.SM., Ph.D, as the mini-thesis supervisor who has taken a lot of time in providing direction, guidance, knowledge, and suggestions in the preparation of the mini-thesis from the initial stage to the end
5. Ratih Hendayani, ST., MM., Ph.D, and Mita Kharisma, SS., MM., as the mini-thesis defense supervisor, who has taken time to provide direction, guidance, knowledge, and suggestions for a better improvement of the mini-thesis
6. Rr. Rieka F. Hutami, SMB., MM, as the guardian lecturer who has provided guidance, direction, and support on study planning and during the study process
7. The author’s family always provided support, motivation, and prayers, which enabled the author to the best effort in the research in the completion of the mini-thesis preparation
8. PT. Telekomunikasi Indonesia International’s personnel within the Marketing and Business Intelligence Department provide thorough information and support for the completion of the mini-thesis
9. The researcher’s best friends, namely Kezia Ayu Brillianty, Delira Dwisarputri, Latifah Anggraeni, Fitri Nurlianti, Meisya Nur’aini, Lily Nafisa, Salma Fajriyah, and Salma Sadiyah who always provide encouragement and support in writing this mini-thesis
10. All parties that contribute to the completion of the research, directly and indirectly

The researcher acknowledges many shortcomings in this research in constructive feedback and suggestions are welcomed for future improvement. Therefore, the researcher hopes that the research is able to provide benefits for all the parties.
