

## ACKNOWLEDGMENTS

This thesis is compiled with the effort, help, and support from both students and lecturers. I would like to express my deepest gratitude and thanks to:

1. Dr. Yuliant Sibaroni, S.Si., M.T., My supervisor, for his invaluable guidance, helpful constructive feedback, and constant encouragement that greatly shaped this work.
2. Dr. Setyorini, S.T., M.T., For academic support and creating an environment that allowed me to complete this research.
3. Dr. Ir. Moch. Arif Bijaksana, M.Tech, and Dr. Fitriyani, S.Si., M.T., as my thesis defense jury, for their invaluable insights, constructive feedback, and thoughtful suggestions, which have significantly contributed to the refinement and improvement of this work.
4. All the faculty members and staff of Informatics for their assistance, knowledge, and resources that facilitated the smooth progression of my studies.
5. My beloved parents and family, whose unconditional love, endless support, and prayers have been my greatest source of strength throughout this journey.
6. My friends and colleagues, who have provided motivation and insightful discussions, and made this academic journey more meaningful.

I sincerely appreciate the collective efforts and support that have contributed to the completion of this thesis. May this work serve as a meaningful contribution to the field and inspire future research.
