

## DAFTAR TABEL

|                                                                                                                        |     |
|------------------------------------------------------------------------------------------------------------------------|-----|
| Tabel 1.1 Kriteria <i>leveling Chapter</i> DEV .....                                                                   | 8   |
| Tabel 1.2 Skor Penilaian Kapabilitas <i>Chapter</i> DEV 2023-2024 .....                                                | 10  |
| Tabel 1.3 Skala Penilaian <i>Chapter</i> DEV.....                                                                      | 11  |
| Tabel 1.4 Sepuluh program pelatihan terbanyak <i>Chapter</i> DEV .....                                                 | 13  |
| Tabel 2.1 Penelitian Terdahulu .....                                                                                   | 42  |
| Tabel 3.1 Karakteristik Penelitian.....                                                                                | 54  |
| Tabel 3.2 Operasionalisasi Variabel .....                                                                              | 55  |
| Tabel 3.3 Skala pengukuran penelitian .....                                                                            | 64  |
| Tabel 3.4 Jumlah sampling penelitian.....                                                                              | 68  |
| Tabel 3.4 Kriteria skor .....                                                                                          | 69  |
| Tabel 4.1 Karakteristik Berdasarkan Jenis Kelamin .....                                                                | 101 |
| Tabel 4.2 Karakteristik Berdasarkan Karakteristik Berdasarkan rentang usia dan pengalaman kerja <i>developer</i> ..... | 102 |
| Tabel 4.3 Karakteristik Berdasarkan stream dan level <i>developer</i> .....                                            | 103 |
| Tabel 4.4 Tanggapan Responden Variabel Pelatihan.....                                                                  | 104 |
| Tabel 4.5 Tanggapan Responden Variabel Budaya Digital .....                                                            | 105 |
| Tabel 4.6 Tanggapan Responden Variabel Kapabilitas <i>Developer</i> .....                                              | 109 |
| Tabel 4.7 Nilai Loading Factor Model PLS.....                                                                          | 114 |
| Tabel 4.8 Nilai Average Variance Extracted (AVE).....                                                                  | 117 |
| Tabel 4.9 T Nilai Cross Loading.....                                                                                   | 122 |
| Tabel 4.10 Nilai Composite Reliability.....                                                                            | 124 |
| Tabel 4.11 Nilai Nilai Cronbach's alpha.....                                                                           | 126 |
| Tabel 4.12 Nilai R-Square (R <sup>2</sup> ).....                                                                       | 126 |
| Tabel 4.13 Nilai Average Variance Extracted (AVE) .....                                                                | 127 |
| Tabel 4.14 Nilai Path coefficient.....                                                                                 | 128 |

|                                                  |     |
|--------------------------------------------------|-----|
| Tabel 4.15 Path coefficient dan T-statistic..... |     |
| .....                                            | 129 |
