

PREFACE

All praise and thanks are due to Allah SWT for His grace and blessings, which allowed the author to successfully complete the Final Project titled " Alphabetical Sibi Hand Sign Language Classification Using CNN And FMCW Radar." This final project is one of the requirements to obtain a Bachelor's Degree in Electrical Engineering at the Electrical Engineering Department, Faculty of Electrical Engineering, Telkom University. The author expresses gratitude to all parties who have provided support, guidance, and input during the preparation of this final project. The author acknowledges that this final project still has many shortcomings and is far from perfect. Therefore, the author apologizes for any mistakes and greatly appreciates constructive criticism and suggestions for future improvements. Hopefully, this final project is beneficial and can broaden the understanding of the readers and myself.
